

**Club Registration Application:**  
**(Club Permit Scheme)**

This form should be completed alongside a Membership form. Once you have completed this form and agreed to the terms below, please hand form to club permit officer at the time of presenting car for inspection.

A current Victorian Roadworthy Certificate is required along with proof of ownership to join the scheme. Please note that cars that are significantly modified will be requested to present a current VASS certificate and will be considered on a case by case basis. Photos will be taken by the club permit officer at time of inspection and will include front and rear shots, a side view, an interior shot, and an engine bay shot. These will be dated and filed on record as per VicRoads requirements.

There is an annual \$20.00 administration fee (per car) to participate in the club registration scheme payable to Eastside Cruisers. This is additional to the normal annual club membership fee.

If your car is currently on club registration with another club and you wish to transfer the registration to Eastside Cruisers, no roadworthy is required to transfer registration to the club, however it still needs to be inspected by a club plate administrator and approved by the committee.

**Applicant Agreement**

By signing this form, the Applicant agrees to adhere to all of Eastside Cruiser’s Club Permit guidelines, as well as all Club Permit rules as dictated by VicRoads. Primarily this includes the club’s requirement that the vehicle attends at least two events per year and is sighted by a committee member, and that you drive responsibly whilst ever you are out in a vehicle covered by a Club Permit.

IMPORTANT; it is strongly advised that you discuss your intent to submit a car for the club rego scheme with a club scrutineer for advice before submitting your forms.
